

MINICADDY

A safer, more powerful cleaning solution.

Our patented Pure Aqueous Ozone technology provides a worry free, safer, cleaning and sanitizing solution to quickly clean and deodorize any surface.

- Smaller version of the POWERCaddy; generates aqueous ozone on-site, on-demand as a person cleans
- Comes equipped with a high-pressure spray gun and vacuum hose to properly clean all locations.
- Produces 1 gallon per minute of aqueous ozone and includes a 6-gallon tank.
- Ideal for smaller areas such as restaurants and convenience stores.

AQUEOUS OZONE

Our patented Pure Aqueous Ozone technology takes cold tap water and infuses it with ozone gas to create our Aqueous Ozone Solution. CleanCore Solution's™ patented technology creates a cleaning solution that contains a high concentration of dissolved ozone in the form of Nanobubbles.

THE NANOBUBBLE DIFFERENCE

- Cleancore Solutions™ **patented technology** creates a cleaning solution that contains a high concentration of dissolved ozone in the form of Nanobubbles.
- **Nanobubbles** eliminate the risk of incomplete surface coverage by thoroughly covering an entire surface
- By eliminating the use of harsh chemicals, our solution delivers a **simpler, healthier, and more sustainable** way to clean and sanitize all hard surfaces and equipment.
